

# eco-clear

## Technical information

Version one 05.07

### eco-clear sleeve and block

Urinal insert featuring patented odour lock and bio-enzyme formulation to penetrate uric acid and prevent formation of hardened deposits.

#### Properties

Plastic	poly-propylene
Bio-block form	solid block
Odour	citrus
Solubility (water)	dissolves
Colour	green

#### Additional Information

- Contains biodegradable materials
- Dispose of using local authority guidelines EWC code: 070699
- Keep out of reach of children
- Avoid eye contact
- Keep in packaging when not in use
- Do not store below 5 degrees centigrade or above 30 degrees centigrade

### eco-clear sleeve waste outlets

A one off fitting that connects to the urinal trap and allows the universal eco-clear sleeve to be installed.

Ef2.0	1¼"	(32mm)	short thread
Ef2.1	1¼"	(32mm)	long thread
Ef2.2	1½"	(38mm)	short thread
Ef2.3	1½"	(38mm)	long thread
Ef2.4	1½"	(38mm)	short with lead
Ef2.5	2"	(50mm)	short thread
Ef2.6	2"	(50mm)	long thread

# eco-clear

## Technical information

Version one 05.07

### eco-clear water management system (incl. solenoid valve)

Timed water management device controlling the flow of water to the cistern and thereby reducing urinal flushing

#### Power supply

PP3 battery

#### Additional Information

- Fits directly onto solenoid valve – no need for hard wiring or screws
- LED display, no dip switches
- Heat sensitive fuse which resets if blown
- Tamper proof controls
- Low battery alarm signal – gives warning at 80% depleted
- Incorrect setting alarm

### eco-clear cleaning solution

Biological washroom cleaner and odour neutraliser

#### Features

pH value of approximately 4.5.

Available as spray formulation and concentrate for dilution to wash floors etc. Recommended for use with eco-clear sleeve to optimise the efficiency of the sleeve's bio-block.

#### Packaging

- BA 5 eco-clear cleaning solution 5 litre concentrate per case 4 x 5l
- BA 750 eco-clear cleaning solution 750ml trigger spray per case 6 x 750ml

#### Storage

Stable for a minimum of 12 months

Store in sealed container out of direct sunlight

Keep out of reach of children

#### Application

- Mop application severe odours 1:1 with water
- General maintenance 1:20 parts water
- Sink & waste outlets Pour into sink/outlet during quiet periods or at night
